

5 - Adding Affiliates

You're almost done. The last step is learning how to add an affiliate to your products.

You can do this by going to this page, clicking add affiliate in the top-right corner, and adding your clients gumroad email.

The screenshot shows the 'Affiliates' management page in Gumroad. At the top, there's a header with the title 'Affiliates', a search icon, and a pink 'Add affiliate' button. Below the header, there are two tabs: 'Affiliates' (selected) and 'Affiliate Signup Form'. The main content area displays a table of affiliates. The table has four columns: 'Name', 'Products', 'Fee', and 'Sales'. The first row shows a blue bar for the name, a blue bar for the products, a fee of 50%, and sales of \$5176. To the right of the table, there are three buttons: 'Copy link', 'Edit', and 'Delete'.

Name	Products	Fee	Sales
[Redacted]	[Redacted]	50%	\$5176

Now, enough reading and it's time to get to work. Please send me DM's with how your group is getting along. I'm looking forward to reading your success stories.
